

# Joint Resolution

**Whereas**, Carol Finch has served as Chief Timer for dozens of Kiwanis races, and

**Whereas**, Carol is to the Charlottesville running community what John Adams, Alexander Hamilton and James Madison are to the founding of this country. Carol is a Framer, and

**Whereas**, Carol has suffered the slings and arrows of outrageous requests such as “Can you tell me what my time was” and “I need a new number. My sister is running with mine!” and

**Whereas**, from the earliest days of the CTC, Carol volunteered to handle results of CTC races. Carol developed her own computer program to get the race results published. Carol would have to enter results manually into her computer. This program was no small feat in the days of the Apple II and phones with dials and cords, and

**Whereas**, Carol has handled more Pepsi races than the CEO of Pepsi, and

**Whereas**, when a race director looked over at the results table and saw Carol in charge, she/he knew at least that part of the race would go smoothly, and

**Whereas**, as a CTC Lifetime Service Award winner. Carol deserves the gratitude and appreciation of all runners in the Charlottesville community for her indispensable dedication and contributions. She is an inspiration for all of us!

**Therefore**, be it resolved, that the Charlottesville Track Club and the Kiwanis Club of Charlottesville jointly designate this 2009 Kiwanis Independence Day 5K race as **Carol's Race**.

**Done this fourth day of July 2009.**
